Conferencia Rails

14-15th October 2016

About the conference

Conferencia Rails is the most venerable large scale Spanish Ruby and Rails related event. It has held 6 editions, spawned 1 spin-off sister js event, received +1.500 attendees and brought +100 speakers

Who are the organizers?

Conferencia Rails is organized by the "Asociación para la Promoción del Dessarrollo web" (APRODEWEB) a non-profit, volunteer-driven association to promote web development in Spain. It has been organizing a conference on Ruby and Rails for the past 6 years. You can contact us here: alex@conferenciaror.es

Attendees

Attendees are delegates from companies, startups or freelancers wanting to keep up-to-date with the latest technologies and best development practices. Their job titles range from junior developer to expert font developer. We hope to have an attendance of approximately 250 people.

Speakers

In past editions, internationally renowned members of the Rails and Ruby communities have participated in the conference, such as Yehuda Katz, Obi Hernandez, David Heinemeier Hansson, Lori Olson, Sven Fuchs and Paolo Perrotta among others. This year Aaron Patterson, Xavi Noria, Kerry Miller and Godfrey Chan will be joining us, as well as many more pending confirmations.

Aaron Patterson:

Ruby, Rails and Rack Core contributor. Renowned speaker at numerous international events, and author of Nokogiri(XML parser) and Psych(YAML parser) Aaron Patterson (@tenderlove) is one of Ruby's most respected and loved programmers. He has improved ActiveRecord substantively in usability and performance and is also on the Ruby and Rails security teams.

Xavi Noria:

Famous for his excellent work on Rails documentation and Rails Guides, Xavier Noria (@fxn) is Member of the Rails core team and Ruby Hero Award winner in RailsConf 2010. A self-employed Ruby developer, he has spoken at numerous Ruby and Rails conferences across the world and is the author of Rails Contributors.

Kerri Miller:

Senior Software Developer based in Seattle, Kerri Miller (@kerrizor) has participated in numerous events around the world spreading her knowledge and voicing her opinions which are very highly regarded in the Ruby community. She is often in the role of bridging the gap between hard demands of technology and the soft desires of business and art. Kerri enjoys teaching among many things and is now part of the Github team.

Godfrey Chan:

Godfrey Chan (@chancancode) is a member of the Ruby on Rails core team and an Ember.js contributor. He currently works at Tilde as an in-house Canadian. In his previous life, he was also an award-winning WordPress™ plugin author.
